A minority owned small business providing Federal Information Security Management Act (FISMA) and Federal Risk and Authorization Management Program (FedRAMP) consulting. My specialty is step 4 of the National Institute of Standards and Technology (NIST) Risk Management Framework (RMF): Assess Security Controls.

MISSION

To seamlessly integrate with existing teams and execute quality independent assessments while limiting disruption.

VALUES

Assessing with a high standard code of ethics. Always exercising due diligence during each control assessment, even if that means working evenings or weekends. Transparent in my approach and admitting when a deliverable/ deadline is expected to be delayed.
